QUOTATIONS OF THE NEW YORK COTTON MARKET

Situation of Tobacco at Richmond and Other Important Centres—Cotton and Farm Products—Peanut Quotations—Miscellaneous.

NEW YORK, Nov. 7.—Money closed at 5 per cent. Exchange closed steady; posted rates, 480/484 1/2; actual rates, 479 1/2; for sixty days and 483 1/2 for demand. Governments closed quiet; currency, 6, 113 bid; 4s, coupons, 124 bid; 4 1/2s, 104 bid.

The advance in the Bank of England rate from 5 to 6 per cent. this morning was a severe blow to the stock market, and caused a general decline of 1/4 to 2 per cent. in all stocks during the first hour. The calling of an extra meeting of the directors of the Bank of England immediately after their regular weekly meeting yesterday suggested an emergency which had developed since yesterday, and is explained by the statement that the bank received information of the probable withdrawal of a large amount of gold, amounting to £1,000,000 for South America. Another cable reported that 700,000 pounds had actually been withdrawn. It was to help restrain this outflow of gold that the bank advanced its rate. There was an outpouring of long stock throughout the morning of such a scale which presented all the appearances of a panic, except that there were no failures. At noon prices were down 1/4 to 3/4 per cent. Stocks continued to pour out at an astonishing rate during the last hour of the day. Blocks upon blocks of the leading stocks were thrown upon the market, and dealings were attended at times with the greatest excitement. Speculators as a rule seemed anxious to get rid of their holdings, and prices suffered still further declines. At times there was a semi-panic feeling, and considerable fears were entertained of failures before the market closed. The lowest prices were reached at 2 o'clock, but after that hour there was some recovery. The day was lived over without any embarrassments having been announced, and there was no more cheerful feeling at the close, although values were still half to five points below those of yesterday. The sales were the largest in many months, 993,771 shares.
